

# EDUPOINT™ HET

## Meeting Your Compliance Needs

EduPoint's easy to use implementation process will give your organisation the tools to get you up and running without the stress and anxiety

### Simplify Compliance

EduPoint makes it easy to keep on top of the constantly changing and complex compliance landscape. As government and other compliance requirements evolve over time EduPoint is regularly updated with new fields, reports and data exports. These compliance updates are provided automatically, with no interruption to your business processes and at no additional cost to your organisation.

EduPoint saves time and money spent on compliance processes and has been included on numerous State and Territories Government lists of Compliance Software.

### AVETMISS Reporting

To receive AVETMISS funding, meeting compliance is a business critical function. EduPoint supports Australian AVETMISS reporting requirements and meets both national standards and regional requirements for all states and territories.

### FEEHELP & VET FEEHELP Providers

As a Higher Education Provider, access for your students to the Education Loan Programme (HELP) programmes is an important competitive advantage.

EduPoint streamlines the preparation of the CAN (Commonwealth Assistance Notice), CHESSN registration and annual reporting to DEEWR. EduPoint functionality is reviewed regularly against changing requirements for FEE-HELP, VET FEEHELP and HECS-HELP.

### AQTF Compliance

For registered training providers (RTOs), EduPoint helps your organisation meet AQTF standards for registration and ongoing operational requirements. As part of AQTF requirements, Australian RTOs are required to collect and submit data on Competency Completion Indicators. As standard, EduPoint includes exports functions and exception reporting to enable you to meet these requirements.

#### Included Compliances:

- AQTF
- AVETMISS
- CRICOS
- ELICOS
- FEE HELP
- VET FEEHELP

## CRICOS & ELICOS Providers

EduPoint supports the additional needs for higher education or training providers that manage students from other countries. Flagging students as 'International' enables a number of additional features to support the additional compliance requirements. EduPoint's international student functionality meets National Code standards by providing tools to monitor attendance, progress, student complaints and more.
